STATEMENT:

Why should you vote for me to be your next Congressman? To begin with I am pro-jobs, pro-choice, and anti-fascist. You should vote for me to reverse the damage done to Alaska and our country by thirty years of Bush-Reagan fascist corruption.

My top priorities are: 1 restoring open government and ending the fascist culture of corruption where politicians are bought by the highest bidder, 2 insuring any terrorist, or National Security threat, is neutralized by legitimate and effective means, and 3 restoring the Constitutional and civil rights trashed by Bush-Reagan fascists.

I will work: to improve our economy while reversing welfare for the wealthy and corporations, to make college and vocational training more affordable and to support energy independence and a clean, safe environment.

I will do my best to protect Medicare, Social Security and the Affordable Care Act from attacks by lunatic fringe fascists who voted for the Ryan budget, like Don Young. The constitutional separation of Church and State must be re-established and the Republican War on Women must be marginalized. We must return to a one-person, one-vote system from the current one-dollar, one vote system we now have by public financing of political campaigns. I also support the goals of the Occupy Wall Street movement. That is, to return power to the 99%, and make the top 1% pay their fair share of taxes. Finally, Federal judges and justices must be appointed based on merit, not fascist ideology.
